

Make 2 copies of labels. One copy of the label is for child to match with card. The other copy is to attach to back of picture for self-checking.

grass
tree
bird
flower
sun
stars
hole
hill
sky
rain
snow
dew

dog
cat
leaf
moon
rock
bush
cloud
puddle
butterfly
fog
ant
snake

## Directions for Outdoor Vocabulary Cards

1. Print out 2 copies of label cards and laminate.  
For one set: cut out individual words.  
For the second set: cut out words and glue them to the back of the correct picture.  
This will serve as an answer key for the students to self-check.
2. Print out picture cards on cardstock. Glue the correct word on the back of the picture.  
Laminate for durability. Use as one large activity set, or separate into several sets.
3. Child is to match the correct word with the correct picture.
4. They can self-check their work by flipping over the picture card and checking that they have matched it with the correct word.
